

About HiSAM

The Hawai'i State Art Museum (HiSAM) is the primary venue for the display and interpretation of the Art in Public Places (APP) Collection, a large collection of commissioned and relocatable artworks primarily by Hawai'i artists.

The APP Program was created in 1967 with the Art-in-State-Buildings Law, a law that sets aside one percent of the construction cost of state buildings to commission and purchase works of visual art that beautify and humanize the environment.

The APP Program resides within the State Foundation on Culture and the Arts, Hawaii's official arts agency.

The mission of the State Foundation on Culture and the Arts is to promote, perpetuate, preserve, and encourage culture and the arts, history, and the humanities as central to the quality of life of the people of Hawai'i.
